

## **"A Child's Dedication"**

*Behold, Children are a heritage from the LORD...Psalm 127:3*

It is our prayer, like many other parents, that our son will grow to know the Lord as his personal Savior and live his life to glorify Him. We recognize that he is a precious gift from God and want to be faithful stewards of such a rich blessing. This is why we chose to have our firstborn, Landon James, dedicated on October 28, 2007 at Four Oaks. We wanted to publicly profess to our family of believers, that it is our intent to raise Landon for God's glory and not for our own desires. Even though in our hearts, we had already dedicated Landon to the Lord; it was important for us to stand before our Church family, for future accountability and support.

The wisdom we gleaned from the classes preceding the dedication was unmatched! What an awesome privilege to have such godly parents in our church body! We are thankful for those who have taken this journey before us, and are willing to invest in the lives of others like ourselves. We strongly encourage parents who have not dedicated their child(ren) to prayerfully consider if God is calling you to make the same the commitment.
